

## KW-32 Series Table Housing Metal or Plastic

Compact keyboard with 32 keys and IP65 protection on the front.

### Description

These small "handheld" keyboards enable all major functions of a large 101/102 key MF keyboard.

Available as panel mount version (with or without carrier plate) or as [IP65](#) sealed enclosed version (ABS housing or steel housing).

### Features

- Completely sealed membrane surface
- Function keys F1 to F10 and complete upper and lower case alphabet are available.
- Compatible with standard US-keyboard driver
- Ideal for use in mobile services or industrial areas
- With [USB](#)- or [PS/2](#) port
