

Cherry G81-7000/G81-8000 Series

Multifunctional keyboard with magnetic stripe reader and barcode decoder (optional chip card reader)

**Description**

- The Cherry 7000/8000 series is a family of data input systems, which combine the function of a keyboard, a magnetic card reader and an intelligent bar code decoder.
- The integrated magnetic card reader is conceived as pull-through reader. It can read 100% of the information on all magnetic cards, which correspond to ISO 7812.

Specification**Mechanical data**

Dimensions:	470 x 220 x 62,3 mm
Housing:	Plastic
Color:	computer grey
Cable Length:	210 cm

Keys

Key Technology:	Cherry FTSC
Number of Keys:	102
Keyboard Layout:	MF2-German
Operational Life:	50 mio. keystrokes min.
Actuation Force:	0,6 N
Stroke Travel:	4 mm

Electric Data

Interface:	PS/2
Operating Voltage:	5 V
Operating Current:	150 mA

Temperature

Operating Temperature: from 0 °C to +50 °C

Storage Temperature: from -20 °C to +60 °C

Order No.	Article	
KC1125	Cherry G81-8002-LQBDE	magnet card reader, Chipcard reader at top, barcode decor
KC1126	Cherry G81-8003-LQADE	magnet card reader, 2x Chipcard reader, barcode decor
KC1130	Cherry G81-7002-LQBDE	kompakt, track 1+2+3, Chipcard reader
KC1133	Cherry G80-7009-LQBDE	9 programmable keys
KC1134	Cherry G80-8202-LQADE	59 programmable keys
